

I understand you are considering making changes that will make it difficult for stations like K-love to stay on the air. This is a vital station to our area. It is Christian music is positive and encouraging format. It allows us to participate in our faith on a daily basis and keep us focused on who we are and Who we serve. When we pay for the programing and receive no government dollars we should be allowed to keep the station. Even though it based in another part of the country it IS important to us. There are plenty of other stations in the area that people can listen to for what they want, we should have that opportunity also when we pay for the air time. We should not be singled out because of our programing or our status as listener supported.

Thank yoiu.
